Reminders

PPVT-4/5

A memorandum drafted by the EREDS leaders was sent out by Cynthia Jackson communicating the decision to no longer require the PPVT beginning in 2024-25.

Please complete PPVT data collection this spring and finish out strong!

For 2023-24, PPVT-4 data will be included in processed datasets. FPG's website will accept PPVT-5 data but will not be updated to confirm scores for the PPVT-5 nor will PPVT-5 data be included in processed datasets. You can request paper PPVT-4 forms from Linda Soto at FPG

Teacher IDs & DECAs

If your site is able to, please remember to include the ID of the teacher who administered the DECA on the assessment form

Assessment Reliability Videos

If you have not yet sent assessment videos for review this school year, please do so. Let us know if you have questions

At our last meeting...

LEP-NEP Community of Practice & Data Camp in Chapel Hill, NC- 12/5-8/2023

Many folks from all of the sites in the network came to Chapel Hill last week to participate in Data Camp!

Day 1 - we used our time in several sessions of small groups with topics ranging from paper groups, tableau feedback, national datasets, qualitative data, LEP resources on EducareShare and others.

Day 2 - we heard from Cynthia Jackson, Amanda Stein, Gary Bingham, and Iheoma Iruka regarding the future of the network research, evaluation and data use. The group also generated some topics for data dialogues at the Network meeting in May 2024. Finally, we joined the monthly EREDS meeting (see EREDS update to the right).

Recordings and presentations from Data Camp will be available soon on the archive page of eln.fpg.unc.edu

During our COP on Friday, Allison De Marco lead the group in discussing the principles of the research agenda in relation to the work we've done and would like to do moving forward. Melissa Acton (TUL) and Sarah Wolff (OKL) facilitated a new feature at our monthly meeting, highlighting RPP reports and tools shared by LEPs in our community space on EducareShare.

It was so great to see everyone who was able to attend Data Camp in person!

EREDS review function

Conference presentations, papers, and proposed studies must be reviewed by the EREDS Work Group. Papers should be reviewed before submission; conference presentations can be reviewed after they are accepted but at least two weeks prior to the presentation
