EREDS

Review function

Conference presentations, papers, and proposed studies must be reviewed by the Educare Research Evaluation and Data Strategy Work Group. Papers should be reviewed before submission; conference presentations can be reviewed after they are accepted but at least two weeks prior to the presentation. The review form and list of EREDS members can be found on the Study Tools and Forms page of eln.fpg.unc.edu

Recent updates

EREDS heard updates from Clariebelle representing the DLL CoP on their activities and plans going forward. Donna provided updates on the EMAC committee including considering adding health measures to the upcoming spring surveys. Lastly, Donna reviewed the sustainability data slides created by FPG that will be shared later.

EREDS next meeting is September 4 at 12pm eastern.

Reminders

If you have any questions, reach out to Kalen.

At our last meeting...

LEP-NEP Community of Practice - August 8

Mike Burke (BECF) and President of the Educare Network, Dr. Kara Ahmed, joined to lead a discussion about the recent changes to the National Office and network.

Clariebelle gave an update on the DLL CoP committee - the work they’ve been doing and are planning to do moving forward.

The FPG team shared national evaluation reminders, including the Data Camp registration being shared and updates to the CLASS 2.1 data entry website. LEPs teams needing to participate in ITERS-3 reliability have the option of a site visit or traveling to Denver in October; please let FPG know your preference.

The next LEP-NEP community of practice meeting will be September 12 at 12pm eastern.
