Reminders

Fall Data

Consider completing your fall classroom characteristics tabs and rosters as you complete data entry for the fall semester, unless this process is easier for you to do once for the entire year.

10% sample reliability checks

Kalen sent out files to complete the check from Fall and Spring 2022-23. This task should be complete by April 30. Please reach out if you have questions or when you have completed the check

ITERS-3 and CLASS

Remind observers to complete the Classroom Observation Coversheet during each ITERS-3 and CLASS observation.

PPVT-4/5

Please complete PPVT data collection this spring and finish out strong!

For 2023-24, PPVT-4 data will be included in processed datasets. FPG's website will accept PPVT-5 data but will not be updated to confirm scores for the PPVT-5 nor will PPVT-5 data be included in processed datasets. You can request paper PPVT-4 forms from Linda Soto at FPG

EREDS review function

Conference presentations, papers, and proposed studies must be reviewed by the EREDS Work Group. Papers should be reviewed before submission; conference presentations can be reviewed after they are accepted but at least two weeks prior to the presentation
