Staff Survey OwnSite Preliminary Reports

In response to requests for more timely access to data from the staff survey, FPG will be providing preliminary reports with your own site’s data by the end of April.

For data to be included in the preliminary OwnSite report, the survey should be completed by staff online by April 17 or their paper survey should be shipped and received by FPG by April 1. These reports will not have Other and All data columns.

Typical reports, with Other and All columns, will be shared in June and September as usual and will contain all data from the preliminary reports and any survey data entered after that point as well.
