EREDS

Review function

Conference presentations, papers, and proposed studies must be reviewed by the Educare Research Evaluation and Data Strategy Work Group. Papers should be reviewed before submission; conference presentations can be reviewed after they are accepted but at least two weeks prior to the presentation. The review form and list of EREDS members can be found on the Study Tools and Forms page of eln.fpg.unc.edu

Reminders

UNC Affiliate Status

Local evaluation partners’ UNC affiliate status will expire on September 15, 2026. Until then, LEPs with a UNC ONYEN will be able to use FPG’s SharePoint, Tableau, Team Member Dashboard, and EIS and survey websites.

School Information Form

A new report is available from the Reports tab of the EIS website showing data by school for information such as enrollment, staffing, and study participation. Check it out for interesting information such as the vacancy rate of teaching positions (11-12% across the schools that completed a form this spring).

Please complete and submit a form for your school if you have not already done so, ideally with data representing April 15. For more information and tips, visit chapter 2 of the study manual on the Team Member Dashboard (see below).

At our last meeting...

LEP-NEP Community of Practice - July 10, 2026

In June, Allison De Marco led the group through a Ripple Effects Mapping activity about our equity work as a research program partnership over the last six years. At the July meeting, Allison presented a summary of our responses. Her slides are available on the archive page of eln.fpg.unc.edu. She and Iheoma Iruka suggested we think about how to disseminate this work, either as a brief or possibly an article.

LEPs continued their discussion of CQI and research at their schools, including measures for 2026-27 and budgeting considerations. They discussed processes for sharing information and resources across LEP teams. LEPs can continue to post questions to the listserv at lep@listserve.unc.edu

National Evaluation updates and reminders included:

- Spring parent survey reports and datasets are available on SharePoint.
- The new School Information Form Report is available on the Reports tab of the EIS website (see Reminders for more details).
- Some sites still need to complete the 2024-25 data check.
- Some sites still need to submit 2024-25 attendance and/or disabilities.
- 2025-26 attendance and disabilities requested by August 15; other data due July 31
- UNC affiliate status (and access to websites) ends September 15

FPG will host the Community of Practice meeting through September. The Lincoln LEP team offered to host the meeting starting in October. Watch for a calendar request this summer.

The next LEP-NEP community of practice meeting will be August 14 at 12pm eastern.
