EREDS

Review function

Conference presentations, papers, and proposed studies must be reviewed by the Educare Research Evaluation and Data Strategy Work Group. Papers should be reviewed before submission; conference presentations can be reviewed after they are accepted but at least two weeks prior to the presentation. The review form and list of EREDs members can be found on the Study Tools and Forms page of eln.fpg.unc.edu

Recent updates

EREDs heard updates from EMAC about potential proposed additions to the spring surveys for staff and parents. The group also brainstormed about meetings between EDs and LEPs about network data.

EREDs next meeting is October 2 at 12pm eastern.

Reminders

PLS video review

Please use the revised review form to review your assessors’ PLS videos prior to submitting to FPG. The revised form can be found in Section B of Study Tools and Forms (see the Helpful Links section of this email).

2024-25 Error Report Checks

This is the first step to completing your attendance and disabilities files for the 2024-25 school year. First, download your error report from the EIS site. Once you have corrected any errors, then you can download and complete your attendance and disabilities files.

At our last meeting...

LEP-NEP Community of Practice - September 12

Allison led the group through a conversation about modifying language in current times. This discussion was varied and valuable, with thoughts shared about relationships, trust, and audience. Resources for this discussion are available on the archive page of eln.fpg.unc.edu.

The FPG team shared national evaluation reminders, including the Data Camp registration, error reports and attendance & disabilities for 2024-25, and a description of the analysis class on October 7.

The next LEP-NEP community of practice meeting will be October 10 at 12pm eastern.
